# Foreword

## *Classmates:*

As Editors of *The Oracle*, your Class Book, we present you with the story of your life in the form of a fairy tale, a fanciful narrative of your career at Wakefield High School.

In "Once Upon a Time . . ." is your introduction to the executives and the faculty. "We Came Upon A Palace Filled With Wondrous Treasures" describes the many enjoyable school activities. In "Here We Found Many Happy Warriors," see yourselves at work and at play. The last chapter of your career is revealed in ". . . And We All Lived Happily Ever After."

We offer you this Book in appreciation of your support and interest. At this time it is fitting also that we should acknowledge our gratitude to the following for their invaluable assistance: Miss Isabella Hirst and the Art Staff, especially Albert Scarpetti for his Cover design; Miss Alice Ryan and the Class Typists; Mr. Edward A. Rich and the Item Press; Warren Kay Vantine Studio, Class Photographer; Miss Harriet Dunning for candid snapshots, Bourdon Studio for three photographs, and Miss Bernice L. Caswell, our Faculty Adviser.

## A Tribute

As the Class of Nineteen Forty-seven, we are sad to leave our beloved Wakefield High but proud to know that we are the last class to serve under the kindly and efficient rule of Headmaster Charles J. Peterson. Revered by all — even the culprits — he has our sincere good wishes for happiness in his retirement from active service in our behalf.

For twenty-eight years Headmaster Peterson has been a friend to the many graduates of Wakefield High School. To our class in particular has he been a wise and sympathetic counselor in the war-torn years. Patient with the wayward, diligent in behalf of the discouraged, and watchful of the too impulsive among us, our headmaster has proved himself worthy of our respect and admiration. And with one accord we, the Class of Forty-seven, honor him by saying with emotion of both joy and sadness:

AVE ATQUE VALE!

Hail and Farewell!

HEADMASTER, CHARLES J. PETERSON

## Dedication

*"Patient of toil; serene amidst alarm"*

We of the Class of Nineteen Forty-seven respectfully dedicate our Class Book to Miss Bernice L. Caswell, our Faculty Adviser, and Head of the English Department of Wakefield High School. To be a member of one of her classes is a privilege not only for her excellent training in the subject she teaches so well, but also for the pleasure of knowing her as a person, with her delightful humor and pleasant smile, and, above all, her ability to make each session a happy experience in a busy school day.

# Once upon a time

## “Once Upon a Time...”

Three magic words — *Wakefield High School* — started the class of Nineteen Forty-seven on its memorable journey. As the Good Fairy Opportunity smiled upon us, we timid but eager freshmen of not so long ago saw our dreams and visions become realities.

Once again the magic touch is ours. We recall the green lawns and our dear school . . . friendly greetings from Headmaster Peterson . . . beaming seniors and merciless pranksters who directed us to the non-existent elevators . . . the welcome refuge of comfortable home rooms and interested teachers . . . program cards and eventually that ogre — Report Cards . . . school cheers . . . P. M. slips, dreaded by some but cherished by others . . . persistent studies . . . anticipated assemblies . . . glamorous corridors . . . appetizing lunches . . . radiant laughter — all these we have loved once upon a time.

## We Came Upon a Castle Filled With Wondrous Treasures

After our initial shyness had vanished, we discovered that our new abode afforded many pleasurable activities. So dear to us were the various groups and clubs to which we were introduced, that they soon became an integral part of our lives. Among the highlights of these years are these all-too-fleeting remembrances: The bright red-and-white uniformed Band parading down the field; the Orchestra in action at our Senior Play; the sweet music of the Glee Clubs and the Chorus; youthful Thespians in the smash hit, *Janie*; the efficient service of the Library Science Club; the varied experiments of the chemistry class; the attractive gowns and sparkling decorations of our Junior Prom. But we must not pause here. Down Memory Lane is the date, October 8, 1943, the first appearance of *The Lookout*, our school paper, closely followed by an intriguing notice upon the bulletin board. Its message? An invitation to attend an open meeting of the Inter Nos Club, our girls' special project.

And then came rumors of a Canteen--an activity really our own! The rumor became a reality, and, under the sponsorship of the Student Council, we had a fascinating means of recreation.

Truly, Wakefield High School has been a veritable treasure chest for us.

## We, The Students, Speak

### THE STUDENT COUNCIL

The Student Council can well be proud of a successful year of outstanding leadership in school government. The ever-popular Canteen is smoothly managed through the willing cooperation of its members. Aside from compiling the informative School Manual for the benefit of the students, the 1946-47 Council has ably carried on the project instituted in 1944 of visiting neighboring schools to obtain constructive ideas to better Wakefield High. Mr. Murray, the new Faculty Adviser, has done admirably well in following the excellent example set by his predecessor, Mr. Healey.

## INTER NOS

The year 1946-1947 has been one of achievement for the Inter Nos Club under the efficient guidance of Dean Elizabeth V. Upham. The Inter Nos Club's purpose, "To create school spirit and intellectually broaden the vision of each girl in Wakefield High School," was successfully carried out at the monthly meetings. The outstanding event of the year was the Tea Dance, which took place on January 23rd. Another activity was the carefully planned program for the year.

### THE LOOKOUT

*The Lookout* is well known to us all. It brings us all our school news once a month, and keeps us informed of coming events. *Annie's Alley*, *Cal's Chat-a-log*, and the editorials are some of the outstanding features. Miss Harriet Dunning, the faculty adviser, and Peter Brownson, the editor, have given us a paper long to be remembered. In fact, their unselfish efforts have made it an extraordinary paper. We of the Class of 1947 certainly have enjoyed the *Lookout* during our four years at Wakefield High. This year it has sponsored the selection of a king and queen for the Senior Party, an event which we hope will become a custom. Our paper is truly one of which any school might be proud.

## THE BAND

Under the able leadership of Mr. Joseph Fanck, the Wakefield High School Band has completed a most successful year. The players attended all the football games, where they presented a grand spectacle of music and color as they marched down the field. The Band acquired an excellent reputation at the first of the season for its snappiness and perfection during the Wakefield-Peabody game under the lights at the Manning Bowl. In parades and at the Annual Spring Concert our talented musicians have certainly been a credit to Wakefield High School and have added further laurels to their careers.

## THE GIRLS' GLEE CLUB

This year, the Girls' Glee Club has been very fortunate in having as its director, Miss Janet Wheeler. Among the various activities of the 1946-47 club have been the Christmas Concert, with Lee Smart and Phyllis D'Entremont as featured soloists, and the Annual Spring Concert in collaboration with the Band and the Orchestra. In order to have a better organized group, the club has elected Joan Bennett, an excellent singer, as president.

#### THE CHORUS

For many years Wakefield High School has not had a mixed chorus; however, Mr. Arthur Fulton organized such a group. The rehearsals were held during the activity period on Wednesdays; and, although emphasis has been placed on classical music, some popular music has been sung at each meeting. The complete success of the Chorus was proved by its popularity at both the Christmas Assembly and the annual May Concert. The Chorus has been fortunate in having capable pianists, namely, Lois Purrington, Catherine LeBlanc, and Roy Lefavour, who have assisted in all programs. As a parting word of praise, may we say that the Chorus is one of the many school activities which make us proud of our Alma Mater.

## THE CHEMISTRY CLUB

Under the able leadership of Mr. Myron Gallop, the Chemistry Club has completed numerous experiments, the most interesting of which was the qualitative analysis of milk. The students who are active in this club have faithfully attended all meetings, and have become quite proficient in the subject. Mr. Gallop's assistance and understanding are commendable and have kept the members interested and busy. And if the results of their experiments are any indication of ability, the members will be among the eminent scientists of the future.

### THE BOYS' GLEE CLUB

This year, under the direction of Mr. Arthur Fulton, the Boys' Glee Club has been divided into three sections. By such actions, each boy receives special help. The club has given excellent concerts at the Christmas Assembly, at the Kosmos Club in January, at the Baptist Church in February, and at the May Festival. The pianist for the Club is James Rizza. Here  
we found many  
happy warriors

## Here We Found Many Happy Warriors

Merrily proceeding in our reminiscent school career, we turned from social pastime to athletics. Shades of deflated footballs and battered field hockey sticks are all that are left to remind us of our initial encounter with the rugged gymnastics of Coaches Nichols, Walsh, and Rood. Quickly adapting ourselves to the patterns of our gym classes, we soon learned the techniques of drill and Commando basketball.

Both boys and girls now become veritable happy warriors. In hockey and football our teams were especially successful. Be it duly recorded that 1946 was the culmination of our efforts — a victory over mighty Melrose. Ours also was the Eastern Massachusetts Baseball Championship. Among our many youthful warriors the names Healey, Roberto, Evangelista, Schwarz, McAuliffe, Nikitin, and Dow are outstanding. Not to be surpassed, our girls won admiration for their versatility. Field hockey, tennis, badminton, basketball, and archery had many happy devotees playing games for the love of keen competition and good sportsmanship.

But our moment of reminiscence is over, and we beckon you to march with us ever as happy warriors on the next stage of our journey.

### WAKEFIELD HIGH SCHOOL CHEERLEADERS

What would the football games be like without the peppy and vigorous encouragement of Wakefield's Cheerleaders? With vivacious Cynthia Brooks as their capable leader, Olga Hill, Alice McLaughlin, Jean Butler, Barbara Brooks, Jeanne Hickey, Joanne Hickey, Bette-Lou Hartford, Marilyn MacNamara, Shirley Young, Jacqueline Gallinari, Caryl Maher, Marguerite MacClellan, and the Christie Brothers have wholeheartedly urged our football team to victory. We are proud of the inspiring new cheers which they have introduced this year. Our very attractive girls make the traditional red and white colors of Wakefield High School very effective to the spectators' eyes. In action, both boys and girls are exponents of uniform rhythm worth viewing.

## THE FOOTBALL TEAM

In the late days of August, Coach Rood started getting the boys ready for the 1946 football season, admittedly the toughest of any played in the school's history. The schedule called for twelve games — an unusual number — and all of these games were with the top teams of Greater Boston. Three lettermen were back from the great team of 1945 in the persons of Co-Captains Bill Healey and John Roberto, and Ernest Evangelista. The outlook for the start was not bright because of the entirely new, inexperienced players. A football team needs a good line to be effective. Of the twelve games played, we won four and lost eight. Although we lost to Melrose, the state champions, with our neighbors we played the best game of the season. Melrose was heavily favored to win, and in our estimation was fortunate to do so. Lady Luck stood in our way that afternoon. In all the games played, the triple-threat back, Bill Healey, was inspirational. He did all of the ball carrying, passing, and punting, and was terrific as a backer-up of the line and also as a blocking back. He undoubtedly was the best punter around Greater Boston. His kicks carried well over sixty yards on every try. The boys agreed that they knew of no finer captain than our Bill. To round out the backfield there were Co-Captain Johnny Roberto, our field general, Ernie Evangelista as Healey's running mate, and Frank Nardone, a great little scat-back. Looking across the line, we saw Al Sousa and Sam Deniso with Ed Dow as a very able substitute for the two boys. All of these ends turned in great games every week. Phil McAuliffe and Al O'Brien, at tackles, were a rough and ready pair. Bobby Surette and Benny Barsanti played at the guards, and both played good football in a very difficult position.

Although the season's average of games lost and won wasn't normal, the boys had many obstacles to hurdle during the year. They were always fighting to the last second, their spirit never died, and they were a credit to the school and the town.

## BASEBALL — 1946

With a record of sixteen wins and only two losses, Wakefield had one of the best teams in the state this year. Although both defeats were with Belmont, we captured the Middlesex League Championship by beating our former victors in the playoff, 5 to 3.

Coach Walsh stated that the team was the best he ever coached, and no wonder! The players' undying enthusiasm and spirit were commendable. It is because of this successful season that baseball has become a progressive sport at Wakefield High School, and it has inspired the Athletic Council to spend more money to buy new equipment for the coming year. The students and the alumni certainly supported their team to the end. At the tournament Wakefield was as well represented as any other school.

Co-Captain Leslie DeMarco, with an average of sixteen strikeouts per game, pitched the team to victory. There were some games in which the outfielders did little or no work because of their pitcher's no-hit, no-run games. Calling signals behind the plate for Leslie's perfect pitches was Henry Rich, who co-piloted his team-mates to many victories. Along with excellent team work and pitching, we had some fairly strong batters: namely, Henry Rich, Co-Captain Joseph Colucello, Leslie DeMarco, and Richard Hallahan, each with a batting average over three hundred.

With the splendid coaching of Coach Walsh, it was evident from the start that the team would be tops. Coach's famous saying was "A team that can't be beaten won't be beaten." This statement certainly held true.

## HOCKEY

The Class of 1947 has reason to be proud. Why? Because they had practically all of their members on the first and second team in hockey. Of these, only three were lettermen; Captain Walter Nikitin, Al Sousa, and Cliff Muse. Coach Kirk called practice early this year and drilled consistently on the goalies. A goalie in hockey is like a pitcher in baseball; he is the backbone of the team. As usual, there were the ten Eastern-Massachusetts League games with Winchester, Revere, Phillips Academy, and St. Patrick's of Stoneham. In hockey a team needs to get the breaks at all times, and this year we have received none. Wakefield boasted two of the best defensemen in the league with Al Sousa and Phil McAuliffe. These two were hard to pass by and were very good men on the jumps. Loring Flint, Frank Souza, and Cliff Muse were efficient hockey players. Of the four years this sport has been played, this year's team has had the greatest spirit, determination, and willingness of any. It was an honor to be captain of such a fine group of boys and to work under the guidance of Coach Kirk.

The team scores are as follows:

Wakefield	3—Somerville	2	Wakefield	1—Winchester	4
Wakefield	1—Hudson	6	Wakefield	0—Dedham	1
Wakefield	0—Natick	3	Wakefield	1—Malden	3
Wakefield	2—Brookline	5	Wakefield	0—Lexington	9
Wakefield	2—Malden	7	Wakefield	5—Winchester	3
Wakefield	0—Lexington	6	Wakefield	2—Dedham	4

## Through the Hoop

### BOYS' BASKETBALL

The Wakefield High School hoopsters started the 1946 season with the odds against them. The Warriors, with the aid of Carl Robinson, the only returning letterman, were slated to appear against such experienced players as last year's high scorer in the league, Ralph Loveys of Melrose. Under the capable guidance of Coach Rood, and the leadership of their benched captain, Ernest Evangelista, the team got off to a fast start by defeating first Concord and then Stoneham. When the contest against Melrose came, the boys found themselves without the aid of their towering center, Carl Robinson, thereby losing their position in first place to the Red Raiders. The replacing of their injured captain in the line-up boosted the team's morale. Because of his limited service they dropped their second straight loss to Lexington. They threatened first-place, Reading in their fifth tilt, but lost the help of the high-scoring Evangelista in this game because of an arm injury.

The first team scores follow:

Wakefield	30—Concord	26
Wakefield	48—Stoneham	32
Wakefield	18—Melrose	44
Wakefield	10—Lexington	46
Wakefield	28—Reading	86
Wakefield	28—Winchester	52
Wakefield	11—Belmont	59

Wakefield	20—Concord	36
Wakefield	23—Stoneham	44
Wakefield	32—Lexington	66
Wakefield	27—Melrose	58
Wakefield	37—Belmont	81
Wakefield	28—Winchester	68
Wakefield	31—Woburn	70

## GIRLS' BASKETBALL

Under the competent supervision of Miss Nichols, the Girls' Basketball Team again this year proved to be very capable. Woburn, a new opponent, along with Stoneham and Reading, were the team's principal challengers. Every Monday and Wednesday in the gym the girls practiced to master the game of basketball. The senior team was headed by four outstanding players: Ann Moncrief, Mary-Jane Ogilvie, Gloria Brady, and Shirley Young. These girls were assisted by thirty-five underclassmen, and the team tried its best to make Miss Nichols proud. Every girl who participated in this sport found it both fun and relaxation. We know next year, as in the past, Miss Nichols will have a successful Girls' Basketball Team.

#### FIELD HOCKEY

Because of unfavorable weather conditions, our field hockey practices were suspended early in the fall. Despite the handicaps, many of our sport lovers came to the few practices that we had and battled among themselves in teams. The Class of '47 extends best wishes to the field hockey players of the future.

## BADMINTON

This fall, Miss Nichols, girls' physical director, organized a group who wished to play badminton. Most of them were freshmen and sophomores, sprinkled, here and there, with a junior or senior. Some of the girls learned the sport from the beginning; whereas others perfected their game. Although the girls did not have any tournaments this year, they were keenly interested in their games and built up promising material for 1948. All girls are welcome to participate in this sport under the capable leadership of Miss Nichols.

# And we all lived happily ever after

## “...And We All Lived Happily Ever After”

Once upon a time our journey began but now it has ended. Thoughtfully we watch the memories of our senior year at Wakefield High School pass in review. Some have left a clearly etched picture; others have faded.

We see a softly lighted and gaily decorated gymnasium where the music of a dance orchestra and an air of jollity intermingle — this is our Senior Party. Then come the dimmer memories of the Student Canteens, the baseball games, the failure notices, followed by the brighter glow of the rehearsals for the Senior Play, *Janie*, and the triumphant two nights of actual performance before enthusiastic audiences. Lovingly, now, do we recall the tension which reigned as we impatiently awaited the return of our proofs plus the inevitable question — “May I have your picture?” in turn producing the desired reply, “Yes, if I may have one of yours.” Strong impressions, indeed, are the heated discussions of our Class Book meetings emanating from our desire for the best *Oracle* possible. And our Class rings! Many are the compliments we have received for our choice of a simple but exquisite ring.

Clear, also, is the picture of our goal — Graduation — for that has painted the fullest portrait in our gallery of memories. Class Day came upon us almost before we had parted with our school texts. Class day, with the well-prepared and delicious dinner, followed by the detailed Class History, the amusing Will, and that uproarious masterpiece, the Prophecy. And then it was June 5, 1947, the Class of Nineteen Forty-seven had succeeded — our desire had been fulfilled — this was Graduation!

After four war-torn years of our effort we were, in a way, happy to go. Yet, after the singing of the Class Song, the tears came, and we realized the significance of our Alma Mater. In a moment more, joy ruled, our pride in achievement mounted, and we went forth — Graduates — “to live happily ever after.”

# Class Officers

## WILLIAM DAVID HEALEY, JR.

"Smiling Bill," the first class officer to hold the presidency for three terms, will long be remembered. His qualities of leadership and his love of his school have endeared him to both his classmates and his teachers. Football is his outstanding sport, and because of his prowess, he will be as much an asset to Holy Cross as he has been at Wakefield High School. The Senior Play Publicity Committee was very successful this year, and no wonder! "William D." was in the cast. That good fortune smile upon him is our wish.

## BENITO GEORGE BARSANTI

The qualities of a good student and a better-than-average athlete have served to make Benny one of the genuine favorites in our class. As Vice President of the senior class and Associate Editor of the Class Book, he has done a commendable job. His love for winter sports has made him a worthy member of the Ski Club. The lure of the footlights brought to life a dormant acting ability, and "Uncle Poodgie" became one of the stars in our Senior Play. Benny plans to study law at Yale University.

## ALBERT FREDERIC SOUSA

From the head of the list and leading the parade from the Montrose School is Albert Sousa, who has "Al" for his calling name. His popularity is unquestioned, because all one has to do is to read these facts and draw his own conclusions. Albert has been our class secretary for three years, and the length of time that he has served describes ably his efficiency and thoroughness in his work. For the future, he plans to enter Northeastern University to become an engineer.

## BRUCE NOBLE MORANG

Known widely in social circles for his spontaneous wit, "Bones" is one of the best-liked and most popular fellows in the class of '47. Since entering high school, he has participated in almost every school activity. He has served upon Sophomore, Junior, and Senior Prom Committees; and he showed his acting ability by playing "Rodney," the colored butler in the Senior Play. He served also on the Senior Play Committee and as Junior Homeroom Manager. He may be seen at any football game, towering over the fifty yard line with his pen and paper. We predict a notable career in journalism for him.

#### JAMES RUSSELL ANDERSEN

When you see atoms approaching you on four legs, you will know that Andy has been at work in his laboratory. Among Andy's other interests besides chemistry are guns and music. He can frequently be seen emerging from the woods with a rifle over his shoulder. He showed his musical talents in Wakefield High as a member of the Band. Because of his enthusiasm to concoct something, he has been an ardent member of the Chemistry Club. His ability to plan has been shown on the Class Motto and Class Dinner Committees. He is a tall lad with an engaging smile. His ingenuity assures his future success. After graduation Andy plans to enter Uncle Sam's Army, where he will make an efficient soldier.

#### NANCY JANE ANDERSON

We regret that "Nance" did not come to us before her senior year. We should, however, be thankful that we have had the pleasure of her arrival. She came from Washington Irving High School in New York, and in her short time here her sweet disposition and her pleasing manner have endeared her to us. During her three years at Washington Irving High, Nance proved to have a great deal of executive ability. She was home-room president and the secretary of the Senior Hearthstone Club. In coming to our school, she has adapted herself admirably. In our Senior Play, her portrayal of Mrs. Colburn was superb; and she has already become an active member of the Inter Nos. Nancy's favorite diversion is collecting poems (we think she writes, too). Next September she hopes to enter a training course for nurses.

#### NATALIE ARNOLD

"Nat" is the girl who has the little extra something in her voice that makes everyone sit up and take notice when she begins to talk. She displayed great acting ability in the Senior Play, JANIE, by portraying her part as Paula with conviction and realism. Always is she singing or humming a tune. During her freshman and sophomore years, she sang with the Glee Club. "Nat" plans to enter Bates College next fall, where many opportunities await her.

#### LOUISE DOROTHY BADARACCO

Another pretty little blonde who hails from Lynnfield Center is Louise. That twinkle in her eyes denotes the mischief of which she is often the instigator. Wherever there is excitement and fun, she can be found. At our Senior Play she was one of the effective ushers. Louise wants to be a laboratory technician, and in preparation for this position she plans to attend the Mary Brooks School, where new pleasure awaits her.

#### JEAN ESTHER BARRETT

If in a few years from now, you pick up a magazine and see an attractive blonde on the cover, you might recognize her, because our "Blondie's" earnest desire is to be a model. We know the public will like her, as we do because of her infectious smile and beautiful hair. Her active participation as a member of the Tri-Hi-Y and Inter Nos Clubs, and the enjoyment she brought to her fellow members have reaped rewards. This care-free girl who is ready to work as well as play will not soon be forgotten.

#### JUNE FRANCES BARRY

June is that ingenious lass who gives freely of her time to helping others. Although she hasn't any definite plans for the future, we are sure she will use her sewing — for which she has a remarkable talent. We are envious of the attractive things she can make with a bit of cloth, a needle, and thread. This talent helped to make her an important member of the Wardrobe Committee of the Senior Play. She also assisted the Usher and Candy Committee and the Junior Prom Committee. We expect to see her as the head of a famous gown shop some day.

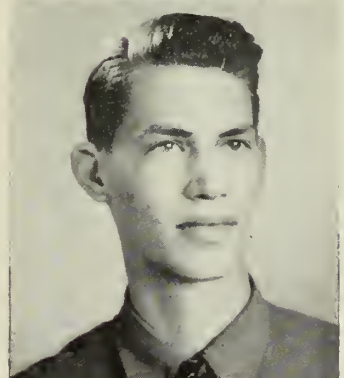

#### VERNA CAMERON BARRY

Verna, a petite miss with a friendly nod for everyone, is one of the more ambitious members of our class. She enjoys sewing, stamp collecting, and winter sports. Her collection of stamps is very interesting and contains issues of all the foreign countries. Verna has decided on a career in costume designing, a profession which calls forth her artistic powers. Verna was a member of the Inter Nos Club in her senior year and a very obliging member of the Wardrobe Committee for the Senior Play.

#### RICHARD ORNE BAYRD

Here he is, that man with the horn. "Dick" has steadied the Band with his tuba playing for his four years in Wakefield High, and has also proved himself a worthy addition to this year's orchestra. With such a person on the Dinner Arrangements Committee, we can not fail to have a successful banquet. Our appropriate motto is further evidence of his efficiency. After graduation, this boy will turn to the Armed Forces for training to become one of Wakefield's leading electricians.

#### HARRIET LORAIN BEHERRELL

Well known for her sparkling sense of humor and her shining, friendly eyes, "Riot" is a prominent member of our class. A lover of music, she has participated with avidity in the activities of both Glee Club and Mr. Fulton's Chorus. Many have come to know her by her hard, steady work as a member of the Property Committee of the Senior Play. Her plans to enter a secretarial school have already been realized.

#### JOHN NAT BONOMO

"Nat" is one of those jovial fellows who is always looking for some fun. He is famous for his breath-taking chili sandwiches. He enjoys tinkering with motors, and in his spare time he is often seen driving a moving van. John should be an explorer, as he spends much of his time in the vicinity of Charlestown. He delights in taking one of his many guns and tramping through the woods of Breakheart. Among his activities are the Class Motto and Transportation Committees. John plans to be an engineer, and we all know he will succeed. Loads of luck in the future, "Nat."

#### GLORIA KATHLEEN BRADY

Petite is the word for "Small-Change," who is a favorite among our classmates. Her courteous and friendly manner has been proved by her work on the Decorating Committee of the Senior Play and the capable way she ushered at our Senior Play. One of her many hobbies is collecting miniature dogs. She has shown her love for singing through her membership in the Glee Club. Although she is reticent about her plans after graduation, we know she will make a wise decision.

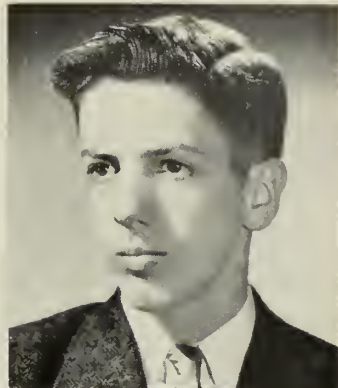

#### CYNTHIA ANN BROOKS

If you have ever seen a vivacious girl at a football game strongly urging the crowd to cheer, you can be quite certain it was Cynthia, our peppy head cheerleader. Because of her willingness to work and her consideration for others, she was elected Class Vice President during her second and third year. Her excellent portrayal of JANIE in our Senior Play will never be forgotten. She has been an inspiration to all the girls as president of the Inter Nos. Because of her leadership, her scholastic achievement, and her participation in innumerable activities, she well deserves the D. A. R. Good Citizenship Award. We are proud of our Cynthia.

#### PETER ROWE BROWNSON

One of the most conscientious and hard-working members of the senior class is "Pete." As editor of the LOOKOUT his senior year, he has worked hard and achieved much. With the role of the colored butler in the Senior Play, his part on the Senior Play Committee, his work on the Senior Prophecy Committee, and his efforts on the Student Council, Pete has shown his ability for co-operation. Dartmouth College beckons to Pete, and our best wishes attend him on his way.

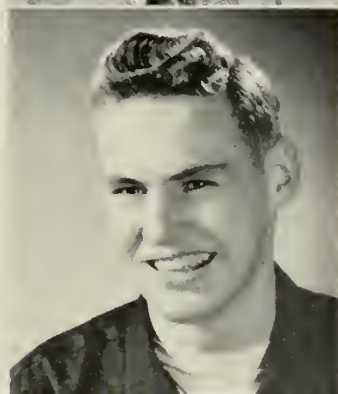

#### ALPHONSE JOSEPH BRUNO

Among the conscientious students of the school is our "Allie," always ready to join in the fun and make any gathering a brighter one. He outdid himself as a member of the Publicity Committee for the Senior Play, thus sharing in the praise for its success. He plans to attend the Bentley School of Accounting. Best of luck in the business world, Allie!

#### RAYMOND HARTWELL BUCKLEY

Raymond Buckley, better known as "Ray," is one of our most popular seniors. During his high-school days, he acquired many friends by his personality and good nature. In his freshman year, he was elected Homeroom Manager. In his junior year, he was on the Junior Prom Committee; and in his senior year, he acquired great fame by his participation in the Senior Play. In the future he plans to attend Holy Cross College, where his scholastic and dramatic abilities will be encouraged.

#### JEAN MARIE BUTLER

"Jeannie" entered Wakefield High in her junior year, and, by her lovable manner and personality, immediately became one of the best-liked members of our class. Her school spirit was shown by her enthusiastic cheerleading at the football and basketball games, and her cooperativeness was demonstrated by her work on the Cheerleader's Dance, the Senior Party, and the Senior Play Decorating Committees.

#### ANNE MARGUERITE CALLAN

No matter how far we looked, it would be hard to find a sweeter and more sincere person than Anne. Her pleasant smile and her gracious manner are two characteristics that have helped to make her one of our most popular seniors. Anne's loyalty to Inter Nos Club during her freshman and sophomore years has been rewarded in her senior year by her election to the office of Corresponding Secretary. Her dependability has been proved by the capable manner in which she worked on the committees for the Junior and Senior Proms, also in the Candy and Usher Committee for the Senior Play. Next year will find her at the Katharine Gibbs School for further secretarial training.

#### PRISCILLA BARBARA CAMBARERI

A cheerful disposition and love of fun have endeared Priscilla to her classmates. She has taken a keen interest in our school affairs, and yet she has maintained an excellent scholastic record. She has served upon the Senior Play Usher and Candy Committees and also has been an active member of the Spanish Club. Her gift for making friends quickly is sure to be of great aid to her when she becomes an air hostess. We know you will easily climb to the top, "Pussy."

#### ALLEN BURGESS CAMERON

From his freshman year "Al" has been one of our outstanding students. "A. B." has been very active during his four years at W. H. S. He has spent many toilsome hours as the Co-Chairman of the Senior Play Committee and as one of the associate editors of the Class Book. His jovial and genial personality has made him a favorite with all his classmates. He has exceptional musical talent and has played in the band and orchestra during his stay at W. H. S. "Al" plans to attend Amherst College and become a nautical engineer. We'll be looking forward to sailing in the ships he is to design.

#### NORMAN EUGENE CANNEY

Tall and smiling Norman has been active at Wakefield High School. His abilities in many fields, as well as his unassuming nature, make him likable and friendly. He has a definite flair for art which he hopes to develop and perfect at art school after graduating. He is a member of the Rifle Club and applies the theories he learns by hunting. He's the kind of person we like to have around, and we feel confident that the art world will welcome him as readily as we do. Nor should we forget to mention his sincere school spirit and his whole-hearted support of school activities.

### ELEANOR MAE CARDILLO

At first glance "Ellie" appears rather timid; but as soon as she gets into action, we find that she has a great sense of humor and a desire to serve others. Our Senior Play was an assured financial success because of her ceaseless efforts on the Publicity Committee. Her ambition in life is to become a secretary, and her cheerfulness, willingness to work, and general efficiency—these qualities are all Eleanor's—guarantee that success will not elude such a deserving person as she.

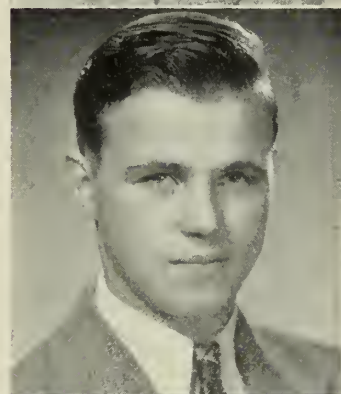

### JOANNE CARR

"Jo's" ambition, her mental alertness, and her efficiency have won many compliments. Qualities such as these can not be overlooked; therefore, we are sure that Joanne will have a very successful future. We know that Boston University will find her willingness to work as much of an asset as did Wakefield High School. This girl is not all work and no play, however; she has participated in school sports, clubs, and served on committees. May luck and happiness follow you through your business career, Joanne.

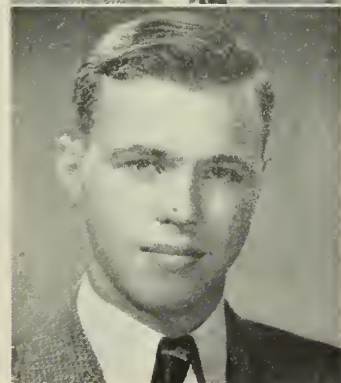

### ALBERT CLARE CHRISTIE

One member of those "most amusable and confusable" twins is "Chris." His scintillating wit and comradely way of saying "Hi" have endeared him to many. Besides boosting the morale of our fighting teams as a cheerleader, Chris has ably served as Co-Chairman of Lighting and Sound Committee of the Senior Play and as Senior Home Room President. Best of luck for a brilliant future in the armed service of our country, Chris!

### FRANCIS HAROLD CHRISTIE

Pep and vim are what we think of when we meet "Chris," after viewing his diligent and impressive cheerleading at the football games. His good-natured and friendly personality has made him a favorite of his classmates. When we see a good-looking piano bench advancing from the wood-working shop, we know "Chris" has been at work with his hobby. "Chris" capability and his industrious manner were portrayed in his work on the Lighting and Sound Committee of the Senior Play. Because of his industry, "Chris" will always find happiness in his work.

#### LOIS ELLA CHRISTOPHER

"Chris" is a neat well-dressed girl you frequently see walking through our corridors. Although Lois may seem to be a serious girl, she has a very keen sense of humor. This trait has endeared her to her friends. Her hobbies, which consist of reading and stamp collecting, reflect her quiet and gracious manner. She has not taken a prominent part in school activities but has shown considerable interest in the preparation of the Class Book. After graduating, she plans to become a secretary. Her tact and ability assure her of success in her chosen profession.

#### AVIS CORRINNE CLARK

No matter what the weather, Avis always has her pleasant smile ready to shower people with sunshine and warmth. "Babe's" friends will always admire her because of her heart-warming and loyal attitude. The jolly sense of humor that this girl possesses keeps her in constant giggles. Although she enjoys music and is a member of the Glee Club and Chorus, she still finds time for her other hobbies, such as bicycling and reading. Her capability for leadership has been shown in Wakefield High as a Home Room Manager. Since Avis is an industrious worker in whatever she undertakes, we predict a happy, as well as a successful, future for her.

#### GEORGE DAVID COLLINS

George or "Gige," as he is better known to his friends, came to us from the Greenwood School. His appearance and fine character have won him many friends, and we know that these traits will help him in the future. He intends to go to Boston University to become a physical instructor. Despite his interest in sports, he has served capably upon the Student Council, the Senior Play Publicity Committee, and the Junior Prom Committee.

#### DELORES JOANNE COLMAN

A dark-haired girl with a twinkling smile, "Del" is one of our favorite seniors. She was an active member of the Girls' Glee Club, and her beautiful voice is greatly admired. Although her school activities have been limited, she has many outside interests including swimming, dancing, and both classical and popular music. She has a keen wit and a sincere appreciation of the best in others. After graduation she intends to become a secretary, and utilize her musical interests as an avocation.

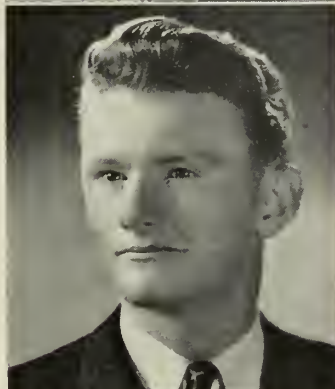

#### JEAN MARILYN CORBETT

A genial senior, "Jeanie" is a universal favorite. The song "Jeanie with the Light Brown Hair" can certainly be dedicated to her. Her class retorts will be greatly missed when we seniors depart from Wakefield High School. Jean has been particularly active in both sports and social events during her four years here. Such activities as softball, archery, and tennis have been enlivened by her personality. With her flair for fashionable attire and her efficiency in business studies, she will have no difficulty in finding a position in the business field.

#### JAMES MURRAY COSTELLO

Jim Costello, one of the friendliest and wittiest boys in our class, is another of those boys interested in flying. He has done extensive work in this field, and has actually made a solo flight. Along with his other activities, he served ably on the Transportation Committee of the Senior Play. He is extremely talented in mechanics, and hopes to attend Brown University to continue the study of this subject. We who know him best are certain that he will develop his power in college.

#### MARY AGNES COUGHLIN

Mary, the girl with the glowing smile and the sunny disposition, is one of the more active and popular members of our class. Along with her many other activities, bowling, Inter Nos, and Class Book Staff, she was Home Room Manager during her Junior year and Co-Chairman of the Play Publicity Committee during her Senior year. Mary does not have just one hobby, but several, such as skiing, skating, and knitting. She has chosen the field of nursing as her vocation, and her versatility and friendliness are proof enough that she will be happy in her new life.

#### JEAN FRANCES COUGHLIN

"Jeannie" is the bright-eyed miss with the wavy hair who has a friendly smile for everyone. Her gay laugh and bright personality are an asset to any gathering, for there is never a dull moment when she is around. She was actively interested in sports during her first year, and in her senior year she has shown her ability and conscientiousness through her work on the Publicity Committee for the Senior Play and the Class Book Staff. Because of her speed in typewriting and her charming manner, "Jeannie" will be the type of secretary in great demand.

#### JOANNE JEFFERS COX

"Coxie," although she appears quiet to the casual observer, has that friendly nature which makes her a cherished friend to her intimate acquaintances. Her appetite for good books and music is insatiable, and her interest in the world about her displays intelligence and thoughtfulness. Among her extra-curricular activities are the Inter Nos Club, Senior Play Publicity Committee, LOOKOUT, and the Class Book Staff. Her various talents and her interest in her class work have endeared her to both teachers and pupils. We're sure that your qualities, Joanne, will bring you success in college and make your future a prosperous one.

#### BARBARA MARILYN CREIGHTON

From Hillis, Long Island, charming Bobby joined us in her senior year. This girl with her intriguing accent and that certain sparkle confides in us that her hobbies may be listed under the heading of strenuous exercise; namely, swimming, roller-skating, and dancing. While fondly discussing her activities at Andrew Jackson High School, Bobby mentioned, in particular, volley ball, Leaders' Club, square dancing, secretarial work, and special chorus. She plans to make college the next step in her career. Her charming smile and winning personality mean that success is just ahead for our attractive classmate.

#### JOHN FRANCIS DALTON

"Jack," after completing a year and one half with the United States Navy—his efforts well appreciated—came back to graduate with the class of '47. He is very friendly and courteous, and has oodles of personality which has won admiration and friendship. As an efficient member of the Emergency Committee of our Senior Play, he proved his willingness to lend a helping hand wherever it was needed. Although Jack is undecided about his future, we know he will be a success in whatever field he chooses. His reward will be the result of fine character and hard work.

#### JANET AUDREY DALY

Janet is one of the members of our class whose name is always found high on the Honor Roll. Her conscientiousness and intellectual ability will make her an excellent secretary. Besides these valuable characteristics, there is one other outstanding factor—her consideration for others. Janet served as an efficient script holder at the Senior Play. Her interest in sports is shown by the fact that she has taken part in bowling and basketball. It would be hard to find anyone who would be a more sincere friend.

### ELEANOR MARIE D'ANGELO

An enthusiastic and extremely talented dancer, "Lily" is well known to all of us who have attended Home Talent Night. For four consecutive years, she has given outstanding performances. Her future plans are to be a dancer. We who have seen her work know that she will certainly attain fame. Even a successful dancer must find time to enjoy her hobbies. Lily will spend much of her spare time in bowling, collecting postage stamps, ice skating, roller skating, or sewing. We hope that ten years from now, there will be countless admirers of her artistic genius.

### SHIRLEY FAE DAVIS

"Shirl" is a girl we love. Her cordial attitude and sweet manner were revealed to us in her artistic portrayal of "Janie" in our Senior Play. One of her finer characteristics is her soft, pleasing voice, which will gain her a desirable position as a receptionist. Shirl has served often at the Information Desk, proving that she is capable of giving directions and helping pupils. Motor boating and swimming are two of Shirl's favorite sports. Her cooperation on the Senior Play Executive Committee helped make the play an artistic triumph.

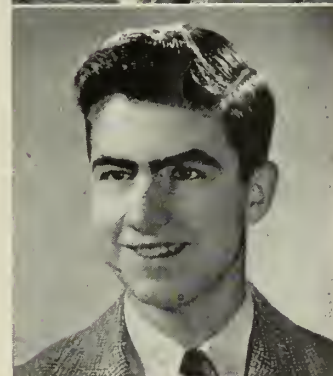

### RALPH PAUL DECECCA

Here is a boy with a dynamic personality which enabled him to become a very popular member of our class. "Brud" could always be found at any of our school dances. He is very efficient, as can be attested by the fact that he was basketball manager for two years. That he is versatile is proved by his equally efficient service on the Class Book Staff and in the Senior Play. He intends to join the United States Army Engineers after High School, and we hope that high rank will be ever his.

### RALPH DEFAZIO, JR.

A newcomer from Melrose High, Ralph proved to be a likable chap, somewhat reserved, but to his friends sociable and jolly. Ralph intends to go to a business college before he enters the world of commerce. As his avocation he likes hockey, a game at which he excels.

#### AUDREY THERESA DELANGLE

A sparkling miss with an engaging personality—that is "Audie." She is active in all sports, particularly in swimming, archery, and bowling. Her favorite evening pastimes, however, are dances and the movies. Her beautifully made blouses and dresses show that she is an artist with a needle and thread, and her friends are always asking her to make things for them. Audrey intends to go to Bouvé School to study physical education, and we hope that her interest in this field will continue because she has all the qualities of a successful gym teacher. Incidentally, she has been outstanding in her work on the Senior Play Publicity Committee and the Class Book.

#### HELEN MARGARET DEMARCO

Helen is a jolly, carefree girl with a priceless personality. Her friendly manner gains immediate recognition, and her collection of records bespeaks her love of popular music. Helen, better known as "Frankie," dances well, and even included music in her freshman year, when she joined the Glee Club. For summer pleasures, she enjoys bike riding and bowling. Among her senior activities were those of office assistant and an usher at the Senior Play. Although she is undecided about her future plans, she will be a great success in anything she attempts.

#### MADELINE JUNE DEMARCO

One of our pretty Wakefield High girls with lovely red hair is "Maddy." She is a good sport, and her cheerful, sunny disposition is part of the reason. With her ability in arranging hair differently and always having it look so neat, she will be successful as a hairdresser. We'll all be going to Maddy's to get our hair set in the latest and most fashionable style. Her hobbies are dancing, bowling, skating, and singing. As an usher for the Senior Play, she served her classmates efficiently. Good luck in everything you have planned for the future!

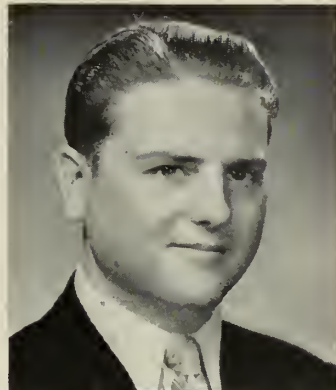

#### SAMUEL DAVID DENISO

A happy-go-lucky fellow, "Sammy," better known to his friends as "Tiger," likes nothing better than a good time. One can always find him constantly in the midst of our social activities. His love for sports can plainly be seen by his participation in three years of basketball and four years of football. His untiring efforts have helped to carry his team through many victories. When he was a junior, Sammy was elected Homeroom President. After graduation he plans to join the United States Army, where many opportunities await him.

#### LOUIS EDWARD DEVINE, JR.

An invention that will smash atoms and also crack nuts is typical of "Bud." He enjoys working with radios, test-tubes, or photographic equipment. Most of his spare time is spent on one of these pastimes. He is an active member of the Rifle and Chemistry Clubs. Being Stage Manager for the Senior Play, he was partly responsible for its success. He excels in mathematics in which he is an industrious worker. After he completes his service in the Army, he will study at a technical school.

#### ANNA TERESA DEVITA

One of the happy-go-lucky girls in our class is "Pecky." This energetic senior is always in the midst of any excitement. Whenever there's good fun, you'll find Anna—her quick wit easily makes her the center of activity. Although Anna aspires to become a radio technician, we know that her main recreational interest in life is tennis and—Gregory Peck! Despite her activity in the tennis club and Girls' Field Hockey Team, she has maintained a splendid scholastic record. She has been a hard-working assistant on the Class Book Staff and Make-up Committee for the Senior Play. Such a combination of favorable traits can mean only success.

#### MARLYN ELIZABETH DODGE

Popular and lovable Marlyn has been very active in school. She has been Homeroom President, a member of the Student Council, Vice President of Inter Nos, an ardent worker on the Senior Play Publicity Committee, as well as an actress in the Senior Play itself. Her smile is very familiar at the Canteen, where she enjoys working with the Student Council. Attractive Marlyn anticipates the study of chemistry at Jackson College.

#### PAULINE DONAHER

"Paulie," as she is better known to all, possesses those sincere, friendly qualities which have succeeded in making her immensely popular. Following graduation, she plans to attend the Fisher Secretarial School. As for her school activities, we found them to be bowling, archery, clerical helper in the office, and Co-Chairman of the Senior Play Wardrobe Committee, a job which she very capably handled. We feel sure that this cute gal with the freckles and the bangs is certain to go far in anything she undertakes.

#### ANN MARIE DOUCETTE

Here comes a girl about whom one says immediately, "Isn't she sweet!" In the eyes of her classmates, Ann is distinguished by her personality and versatile nature. She has taken a keen interest in the sports and social events of the school by participating in archery, softball, Inter Nos Club, and in serving on the LOOKOUT Staff, as a Senior Play Usher and Candy Committee and Senior Play Understudy. Everyone knows that Ann's recreation is piano playing. We are sure she will be as popular a secretary as she was a student. Perhaps she'll work for us some day. Who knows?

#### EDWARD JAMES DOW

For four years, "Sonny" has become outstanding in Wakefield High School for his athletic abilities. He was on the football team for four years, playing on the varsity his third and fourth years. In the last two years he played on the Varsity Hockey Team. As his contribution to the Senior Play, he made sure that all the properties were obtained long before the scheduled day. His place on the Senior Party Committee was one of the important factors in making the party a huge success. He hopes to become a salesman and will study at the College of Business Administration, B. U.

#### JOHN EDWARD DRISCOLL

Quiet, yet not diffident, John has made many friends among the student body during his four years of attendance at Wakefield High School. Although he is a bit shy, he is a diligent worker in class functions. Anyone who enjoys bowling will most likely see Dris laboring over his pins at the local bowling alley. A friendship with John is a lasting friendship. He plans to enter the U. S. Navy when he leaves school. Smooth sailing, Dris!

#### SUE ROSE FARLEY

Sue is a capable and amiable girl. Her nickname, "Blondie," speaks for itself, as her hair is a lovely shade of yellow. Her assistance in the office during her junior and senior years has given her experience for the office work she plans for the future. Nor shall we forget her generous efforts on behalf of the Make-up Committee for the Senior Play. A lover of sports, she participates in many, including swimming, boating, skiing, and skating. We know that anything Sue wishes to accomplish in the future will be a success.

#### WILLIAM TAFT EDGEIT

"Bill," a quiet, courteous, and pleasing lad, is one of the most loyal students at Wakefield High School. During his four years, he has played in and helped to support the band and has been a loyal rooter of all school activities. After graduation Bill plans to enter the United States Navy Air Corps, in which the class of 1947 wishes him the best of luck.

#### GLADYS EILEEN EDMANDS

"Dimples" appears reserved and serious, but her Pepsodent smile has charmed her many friends. During her junior year, her popularity won her the position of Homeroom President. Her cheery manner was plainly evident during her two year membership in the Inter Nos Club. Her outside interests include dancing, singing, walking and riding. Dimples has chosen secretarial or office work as her career. The efficiency which she displayed on the Property Committee of the Senior Play and the Prophecy Committee is but one reason why we know she'll be successful as a private secretary.

#### ELIZABETH ANNE EKLUND

The girl with an inexhaustible supply of interests is our "Betty." In fact, she has so many, and they are so varied, that we marvel at her accomplishments. She likes movies, bowling, dancing, knitting, watching football and hockey games, as well as photography. Although her future is undecided, her interest in photography suggests a fascinating career.

Charlene is a charming, vivacious gal who has added pep to many committees and class activities. Because of her bubbling vitality, her friends call her "Bubbles." She has been a faithful and active member of Inter Nos for four years, and a member of the Band for one. She has also served on the LOOKOUT Staff, and we shall not forget her humorous role in the Senior Play, either. Charlene plans to attend Colby Junior College for general training before entrance to a professional school. Whatever her chosen vocation, Charlene will adapt herself to its demands.

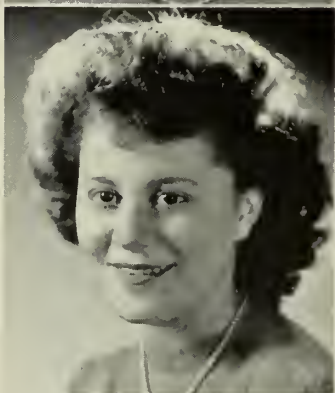

#### ERNEST JOHN EVANGELISTA

Ernest is another of those sports-minded boys whom we have had the honor to be among. What would the sports of Wakefield High School have done if E. J., that energetic East Sider, had decided not to compete in them? We should have been minus a pass-snatching and hard-hitting halfback in football. Basketball would have lost a quick-witted captain. Although he has been retarded by injuries, he has worked and fought to keep his school up in sports. There is no better friend than E. J. He further helped our class by being on the Junior Prom Committee, Senior Party Committee, and the Football Dance Committee.

#### MARY THERESA EVANGELISTA

Always ready with a friendly greeting to all, "Vangie" is high among the "a-plus" personality girls. By working on the lunch counter in her senior year, Mary established a friendly feeling among all her classmates. Proving her selection as an "all-American Girl," Mary enjoys baseball and always supports her home team. Mary, like every other average high-school girl, anticipates a cold, brisk day for another of her favorite sports, skating. Her sweet, demure way and neat appearance will help her to obtain a desirable commercial position.

#### STEPHANIE JOAN FILORAMO

"Stevie" or "Red," as she is often called, is an attractive, auburn-haired girl who is never seen without a smile. She likes all kinds of sports as is shown by her participation in softball and field hockey. And as for school, well, she prefers advanced business training for an executive position.

#### DORIS ANNA FISCUS

The charming and sophisticated Southerner of Senior Play fame is another title for "Dor." In real life she is equally poised and friendly, and is one of the more prominent members of the class. Her refreshing blonde beauty has undoubtedly caused many male hearts to quicken their beat. She has been prominent in school activities, and these, plus her hobbies, have kept her busy. She plans to enter Boston University and major in journalism. Watch for features by Doris in the days to come!

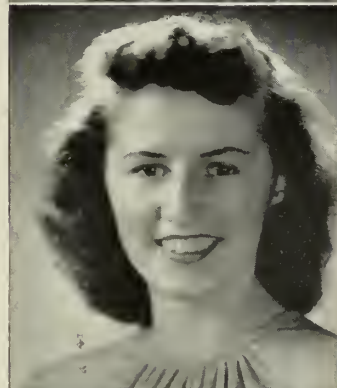

#### LORING SMITH FLINT

"Laurie" entered our class during his senior year, but this handicap did not hamper him in winning friends. His versatility enabled him to play on the first team in both hockey and baseball, and play cleverly too. He is the happy-go-lucky type with never a worry on his mind. He is gifted with a very clear mind, and this good fortune will undoubtedly help him in the future. After a short sojourn in the United States Army Air Corps, Laurie intends to enter a business school and later the field of banking.

#### BARBARA DOROTHY FOLEY

"Barb" is a friendly, likable girl, whose wit and humor have been valuable to her throughout her high school days. Because of her dependability, she was chosen Homeroom Manager in her Freshman Year. Barb's willing cooperation has been shown by her active work on the Senior Play Make-up Committee. Swimming and dancing are prominent in her outside interests. Although she is undecided as to her future, she thinks that she will attend a business school to study secretarial work. Wherever you go, Barb, keep your amiable disposition, and you will be appreciated.

#### JANET FOSTER

Naturally you're anxious to know more about this smooth looking girlie in the picture. Knowing "Jan" as we do, we can understand why she claims as her hobbies knitting, skating, and reading; but knowing how popular she is, we doubt if she has much spare time. She has listed to her credits, Glee Club, bowling, Senior Play Understudy, and Senior Play Publicity Committee. After graduation she plans to enroll in a business course at Vermont Junior College. A successful future is surely in store for this classmate with the delightful sense of humor.

#### DORIS THERESA FRAWLEY

"Dorrie" is a sedate member of our class who takes pride and pleasure in her studies. Still she enjoys bowling and skating, and during the spring and summer she is an ardent tennis fan. In the not-too-distant future she hopes to become a secretary. She has a natural reticence which assures her of obtaining an executive position requiring trust and confidence.

#### JOHN ROGER GALVIN

Dashing, romantic, and versatile, "Jack," known as "The Baron" among his friends, has contributed many talents toward making his class an outstanding one. His clever and humorous cartoons have made the LOOKOUT popular. He has served in the Senior Play and on the Play Committee. His prophecies for the future will be well remembered for many years to come. The Baron won the interest of his classmates in his Senior Year as Homeroom President. The Class Book also contains much more of his artistic ability. His modest wish to be a cartoonist will come true, we know.

#### PAULINE AUDREY GAMMONS

If merry laughter comes rolling down the second floor corridor, well—that's our "Polly." This girl has many interests, one of which is athletics. Her love of sports is displayed not only in gym but also in her participation on the softball and archery teams. Other activities are her work at the information desk and her duties as cashier during the luncheon hour. Her conscientious attitude toward her responsibilities on the Inter Nos Halloween Party Committee and the Senior Play Publicity Committee contributed greatly to the success of these two functions. Undoubtedly the business world will hold an enviable position for her.

A good-natured lass and an ardent lover of sports, "Bunny" has taken part in many of our school sports. Among them are bowling, badminton, softball, and archery. She is a lively girl whose energy and vivacity have made her a leader among her classmates. If you see someone waltzing by, you will know that "Bunny" is doing what she loves—dancing. And she can make her fingers fly over the typewriter also. We expect to meet her next in some business office.

#### RUTH MURIEL GOODING

So "Ruthie" intends to be a medical secretary? She couldn't have chosen a better profession with her adaptability and friendliness. Her constant delight in having a good time has kept her in the midst of our social activities. Her co-operative spirit has been shown by her service on the Sophomore Hop Committee, the Junior Prom Committee, and on the Senior Play Make-up Committee. Her pleasing personality and cheerful smile have contributed to her popularity. She has the necessary perseverance to carry her successfully through the Katharine Gibbs School.

#### MICHAEL VINCENT GRANESE

"Mike," with his perpetual smile and quick wit, has been classified as one of the jolliest boys in the senior class. During his four years at Wakefield High School, Mike has been a valuable asset to both the band and the orchestra. He spends most of his spare time working with his clarinet and using his knowledge of mechanics in his car. Many a time his genial wit has enlivened what might have been a dull hour. Keep smiling, Michael.

#### LOUIS CHANDLER GRAVES

"Louie" is a happy-go-lucky boy who is always seen with a dashing smile. Because he is sociable, he has many friends. He has an athletic appearance, and whenever the weather is permissible, he is schussing the slopes of Bear Hill. His participation on the Senior Play Committee proves he is capable of working with a group. Louie is an ambitious young man for, after going into naval aviation, he wants to enter the field of engineering. As one of his hobbies is working on model airplanes, he has already made a start in his future work.

#### MARY GREGORIO

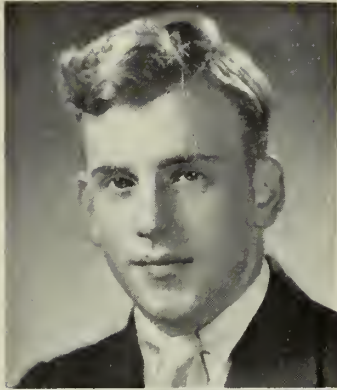

Mary or "Dolly," as her schoolmates call her, is a serious, dignified student. Although she appears reserved, her friends all know her best for her cheeriness and subdued talkativeness. Her chief interest has been her studies. Nevertheless, she is a vigorous supporter of our athletic activities. She likes people and enjoys serving them. It is but natural, therefore, that she should enter the business world as an efficient worker.

#### ROBERT FREDERICK HANNON

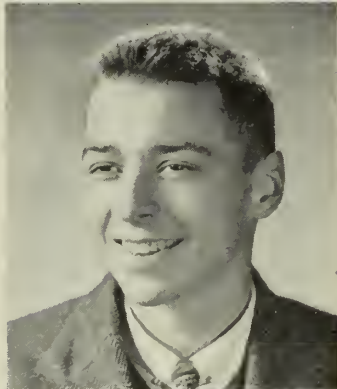

A smile for everyone — that seems to be Bob's motto; for whenever you see him, that's exactly what he's doing. Because of his faithful assistance on the Motto Committee his junior year, and on the Lighting and Sound Committee his senior year, he has shown his capability for accomplishing things quickly and efficiently. He is very much interested in his hobby, chemistry; consequently, he has decided to become a chemist and will go to college to prepare himself for this work. He makes friends easily, and because he is a great friend himself, he will give as well as find happiness.

#### ARTHUR EDWARD HARDING, JR.

His hearty friendliness and aggressive manner both in the classroom and outside make "Art" well known. When you catch your first glimpse of him, you think of a hashful, diffident person, but if you inquire among his many friends, you will find that they say that he has a carefree, comical way which others like. He has participated in few activities, but has many hobbies, one of which is woodworking in which he is proficient. He has served his school efficiently on the Class Color Committee and Senior Play Stage Crew. The field of engineering will offer a further challenge to his abilities.

#### FREDERIC LESTER HARRIS

Whenever we are flustered or want somebody to aid in an emergency, we summon Fred Harris, one of our most respected classmates. He has served on the Dinner Party Committee and as a member of the Stage Crew in the Senior Play. Although quiet, he has a grand sense of humor and frequently springs a joke. After graduation, he plans to attend Wentworth Institute, where his interest in mechanics can be furthered.

#### ROBERT WILLIS HATFIELD

"Fish," so-called because of extra-curricular activities, became an extremely popular member of our male set upon his arrival from Woburn High School, where he was noted for his participation in track and football. Here, his sincere cooperation with us has proved him an honest-to-goodness friend. Although The Fisher Business School has been decided upon for his future education, the U. S. Marine Corps has become an increasingly tempting thought. We feel sure that Fish, so well liked by all, stands a better-than-average chance of going far.

#### JOHN ERNEST HAWKES

If you see a dark-haired lad emerging from a lake or stream with a rod over his shoulders, you will instantly think of "Pedro." Although he has not participated in school activities, his manner is one of ambition and efficiency. Fishing, hunting, and flying are among John's favorite pastimes. His sincere smile and friendly manner are known to all his classmates. Whatever John does in the future, he will certainly make a success of it.

#### BARBARA ANNE HAYNES

Twinkling eyes and a merry smile describe our "Barb." Perhaps that is why she was so successful as a business manager of the Class Book and in collecting advertisements for the Senior Play Publicity Committee. Someone else will be collecting them, though, for a special program in later years when Barbara reaches the height of her career as a professional dancer. Before she attempts to appear on stage, she will go to a formal school of dancing for two years. We know she will bring enjoyment to her audiences and dance right into the hearts of millions of Americans.

#### BARBARA JEAN HAZARD

The girl from Lynnfield who collects movie-stars' photographs is none other than "Barb." However, her interests are not confined to the theatrical world, for even though she served in the Senior Play Stage Crew, she also belongs to the Chemistry Club. She may seem quiet during school hours, but after the bell rings, she is ready for fun. In the future, she plans to study for the position of medical technician at Colby College.

#### JEANNE MARIE HICKEY

None of us need an introduction to Jeanne, one of the well-known Hickey twins. Because of her twinkling eyes and her roguish nature, she is the leader of any social group. She has made an excellent Junior Director and Recording Secretary of Inter Nos. Jeanne has also proved to be one of our most attractive and peppy cheerleaders. She has shown her cooperative ability by her diligent work on the Senior Play Make-Up Committee, the Senior Play Committee, and on the Class Book Staff. Although she has not decided definitely on the school she is to attend, she favors a junior college.

#### JOANNE MARCIA HICKEY

Joanne is a popular senior who really needs no introduction. Her happy smile, that frequently bursts into a giggle during a tense moment in class, has made her well known and well liked. She is recognized as the girl who wore the "I" in our peppy lineup of Cheerleaders. Her diligence is shown by her work in Inter Nos and on the Class Book Staff, as well as upon various other committees. After high school she plans to attend college, where her fun-loving nature will gain her many new friends.

ELVIRA MARILYN HILL

This rosy-cheeked girl with the deep blue eyes is recognized at once by her friends as "Vira." Because of her conscientious work in her studies, she has had little time to participate in school activities. She may seem reserved to the casual observer, but once her friendship is won, there is revealed a fun-loving girl with a wonderful sense of humor. Among her many interests, those which top the list are ice skating and all types of boating. Her present plan calls for attendance at business school.

DONALD PARKMAN HINDS

Although Donald appears bashful, he is just the opposite. He is one of the jolliest of fellows, and he always has a witty remark for every situation. He enjoys puttering around machines, especially cars, and his happiest moments are spent sprawled under a car taking off parts, repairing them, and putting them back. He hopes to become a member of the F. B. I., and we know that the same perseverance which enables him to solve problems will aid him in reaching his ambitious goal.

ELIZABETH MARY HOLLETT

Betty, a lively lass with sparkling eyes and a sunny smile, keeps everybody laughing. She is well liked by all and has a host of friends to whom she is both loyal and sincere. Most of her spare time is spent in knitting or in playing the piano. Bowling and archery are two sports in which she participates with great enthusiasm. Betty plans to go into secretarial work, and we know she will succeed because of her diligence and capability. With energy and efficiency as her assets, how can she fail?

CHARLES BURLEIGH HORTON, JR.

The real aviator of his class, "C. B." is liked by all who know him. Although not participating in extra-curricular activities, he has won quite a reputation for himself as a flyer. That plane zooming above you may be piloted by him. He also enjoys building model aircraft and is always present at model plane contests on the Saugus marshes. If you hear any mention of flying, you will know C. B. is around. He is planning to enter the Naval Air Corps or college. Wherever you go, Charles, your activities and personality point to a brilliant future.

### RICHARD HUGH HOULDER

Those who have not had the opportunity to become acquainted with "Dick" have missed a grand friend. He is always ready to help others, even if it means giving up much of his valuable time. Because of his sincerity, he is respected and liked by all his classmates. He may appear to be rather quiet, but just tell a humorous story, and he'll bubble over with laughter. He enjoys sports and is an active member of the Hi-Y and Rifle Clubs. We wish him success in the future and hope all of his dreams are fulfilled at Northeastern Engineering School.

### JOAN THERESA HUFF

You may look to the end of the world, but you will never find a more likable girl than "Joanie." While acting as Co-Chairman of the Senior Play Committee, Senior Home Room President, and Secretary of Tri-Hi-Y, she has gained much admiration for her executive abilities. She also has given proof of her wholehearted cooperation as a member of the Class Book Staff, the Prophecy Committee, and the Inter Nos. Radcliffe College is to be the future Alma Mater of Joan.

### EDWARD JOSEPH HURTON

What "Peanut" lacks in stature is certainly compensated for by his grand sense of humor and friendly disposition. His winsome smile and liveliness have made him everybody's friend. You are sure to find him in the center of every gathering—wherever there is fun to be had. Active in the world of sports, he has participated in basketball and deserves a word of praise for his good work. Wakefield's loss is Bentley's gain.

### LOUISE HARVEY JORDAN

Here comes a girl with a sparkling smile and a winning personality, our "Lousy - 'Lousy" by request. Wherever there is any mischief brewing, she is always present. In her senior year, she was an understudy in the Senior Play and was also on the Make-up Committee. Swimming, canoeing, horseback riding, and tennis are a few of the sports she engages in. She plans to enter Smith College in the fall. Although Louise does not know what profession she is going to enter, she has several plans under consideration.

She plans to go to secretarial school where an opportunity for specialization will be hers.

#### BERNICE EMILIE KONDRUP

"Bernie," a quiet, brown-eyed blonde, is one of the friendliest and most sincere members of our class. In an inconspicuous manner she is always doing favors for someone else. She does beautiful crocheted work, and her knitting ability is shown in her many hand knit sweaters. After graduation she hopes to do some secretarial work for a law or insurance firm. We feel sure that her winning ways and sincerity will aid her in attaining the uppermost rung of success in the business world. And we extend a genuine wish for the best that life can offer to a wonderful person.

#### ANNA MARY KOSTANDIN

Much may be said for this vivacious girl with the snapping brown eyes, known as "Duchess." Coming to us from Somerville in her junior year, she brought with her, not only a personality that's tops, but high ambitions as well. She hopes to combine extensive travel with the art career she plans to pursue. Foremost among her varied activities we find Camera Club, Class Color Committee, LOOKOUT, Inter Nos, Inter Nos Tea Dance Committee, Class History Committee, the Senior Play Crew and Cast. We predict a promising future for Anna.

#### CAROLYN ANNE KULACZ

Pert little "Lynne," who graduated from the Franklin School four years ago, came to Wakefield to prove her ability as an honor student; and, indeed, she has done just that. Despite her love of studies, she always has time for social affairs. Her favorite outdoor sports are skating and skiing. This year, she served as a member of the Decorating Committee for the Senior Play and also assisted the Class Book Staff. The business school that receives Carolyn will get a real student and a loyal member.

#### MARIE JEANETTE LENNEY

There is always an exceptionally sweet and lovable person in a Senior Class, and this year it is Marie. She hasn't participated in many school activities because most of her time is utilized with her favorite hobby, ice skating. If you go into the Arena, you can see why "ReRe's" ice skating ability is the envy of everyone. She is another girl who helped to make the Senior Play successful by assisting on the Usher and Candy Committee. Besides skating, she is interested in Inter Nos and has served as a member of the Inter Nos Drama Committee. Willing and able, Marie will find life good to her.

#### FRANCES FOIS LEONARD

Our "Fran," always friendly to her classmates, has that wonderful gift of being able to talk easily to people, and always suggests interesting subjects. She has no definite plans in mind for the future, but she hopes to continue her education. Bowling, swimming, and drawing are some of her favorite pastimes. In her sophomore, junior, and senior years, she was on the bowling teams, and her so-called hidden talent was revealed when she joined the Art Club in her senior year. We wish you luck and happiness, Funzy.

#### PASQUALE PAUL LUCIANO

Taciturn in the classroom but loquacious outside is Patsy. Whatever he does, he does well. During his high-school days, "Lucian" has kept busy in a certain local store. He has had time to leave his studies and work to be one of those song-girls in our Boys' Glee Club and to serve on the Class Dinner Committee. Patsy enjoys singing and frequently harmonizes for his friends. He plans to go into business when he gets out of school. Because of his cheery disposition and desire to serve others, he has chosen a profession for which he is well suited.

#### MARIE MARGARET LUKEN

"Lukie," one of the liveliest members of our class, has found time to be an active participant in school life. Work on the lunch counter, on the Candy and Usher Committee, and on the Emergency Committee of the Senior Play are examples of her diligence. She has won many friends during her membership in the Inter Nos and Tri-Hi-Y Clubs because of her good nature and fine disposition. Her fondness for helping others is a trait that will aid her as a hair stylist at the Wilfred Beauty Academy. We'll be looking in the future years for new hair do's styled by our own Lukie.

#### WILLIAM JAMES LYONS

"Bud," though modest and retiring, is a popular member of the Class of 1947. He has always been greatly interested in sports, particularly baseball, football, and hockey. Bud was on the football team during his freshman year, but lately he has confined his interests to his classes. His interest in sports has remained intense, and one may find him almost any afternoon playing some sport at the Y. M. C. A. He served on the record-breaking Senior Play Publicity Committee and really did a fine job. He has not decided about his post-high school career; however, we know he will do well wherever he goes.

#### ALICE ELIZABETH MacALLISTER

"Mac" is a cheerful, attractive lass with a pleasant smile and a wonderful disposition. As Co-Chairman of the Property Committee for the Senior Play, she showed her ability to do a tedious job and to do it well. She is an all-around sport, and her chief pastime in the winter is ice-skating. She will study nursing education in the fall. We'll call on you in time of need, Alice!

Marilyn is a very energetic lass, and, although she is a newcomer to Wakefield High, she has made many friends. During this short period she has been one of our highlights in sports and music. Mac's wit has been very pleasing to her classmates, especially when their minds were overloaded with studies. Her portrayal of Tina, the colored maid in the Senior Play, added much humor for the audience. Anyone as versatile as Marilyn will be a most desirable receptionist.

#### CARYL ROSE MAHER

Caryl came into Wakefield High School as a very sweet and shy freshman, and after completing her stay here, we feel sure she will never be forgotten by any of her classmates. She added much to our cheerleading squad through her sports enthusiasm. Jim will be a great gain for the Navy. The Navy will welcome a boy like our James.

#### RUTH DOROTHY MARR

When you have a picture of a silent, good-natured girl, the first person you think of is "Ruthie." Although she appears to be a very bashful, studious girl, she has many moments of liveliness, and, when it comes to doing something effectively, it is done to the best of her ability. Her work on the Decorating Committee of the Senior Play proved this point. Bang! What's that? "Ruthie" made a strike! After the bang comes a giggle, which means that she is again at her favorite pastime, bowling. College or professional school will be her ultimate goal.

#### PHILIP LEO McAULIFFE

Although "Louie's" report card is not all A's, he rates A-1 as a friend. As for athletics, he is an outstanding star. To many, he seems quiet and reserved, but to his friends he is known as a very lively person and one with a pleasant disposition. One of his finest traits is his stable disposition—he never harbors a grudge against anyone. Next September he enters college where we predict a brilliant future for him.

#### DOREEN SYBIL McCALL

Particularly active in the sport and social events of the school has been Doreen. After graduation, she will do secretarial work or perhaps try her hand at journalism. Watch for features by our Rene in your favorite newspaper.

#### ALICE GLYNN McLAUGHLIN

With her vivacious and likable manner, Alice has won the heart of many members of our senior class. In future years, we shall look back upon "Mac" as an outstanding cheerleader for two years, and a definite reason for the success of Student Council the past three years. Her willingness has been proved by the splendid showing she made as Co-chairman of the Usher and Candy Committee for the Senior Play, and her participation on the Senior Party Committee. She plans to become a medical secretary, and lucky will be her employer! Loyal and friendly, our Alice will be missed next year.

In the future, we are sure to see his novel and original ideas on the billboards along the roads and highways and in the advertisements in the papers and magazines. Commercial artists will find keen competition in our Harold.

We think she will make a very good one, as the ability to be ready for the unexpected at all times is a necessary factor in the business world.

### EVELYN LOUISE MILLER

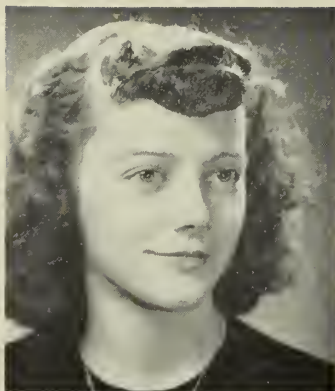

A favorite figure around Wakefield High School is this modest lass who has a pleasant smile for everyone. "Evie's" diversified talents are demonstrated by her skill in both piano playing and needlework. Because most of her spare moments are taken up with her two favorite hobbies, she hasn't had too much time to participate in school affairs; however, her assistance on the Usher and Candy Committee for the Senior Play and the Class Will Committee proved to be very valuable. She has many characteristics that have helped to make her loved by everyone, but the most important one is sincerity.

### PRISCILLA ADELAIDE MILLETT

Delicious goodies come in small packages, and "Pussy" is no exception to this rule. She is one of our likable, well-known seniors. We'll be looking for you on Broadway, Ann.

#### CARLOS ALBERT MONGE, JR.

Here comes a smiling lad who is an ardent supporter of hockey—perhaps I should say sports in general. Although "Bud" and his skates are boon companions, he is interested in football and baseball, too. His love for sports will continue through Tilton Preparatory School and College, where he plans to attend after graduation.

#### KENNETH ELLSWORTH MORANG, JR.

The "Hermit," who has engaged in many high school activities and gained friends and popularity, has been a member of the Student Council, the Sophomore and Junior Prom Committees, and Stage Manager of the Senior Play. "Jimmie" is that popular lad known as a very neat dresser. He follows the habit of high-school boys by wearing "sharp" socks. One of his favorite sports is sailing, which he does exceedingly well. Supposedly, James is never seasick; therefore, he plans to enlist in the United States Navy. A handy man at tools, Jimmie's pastime is working on cars. The sound of doors banging and telephones ringing were Jim's contributions to the Lighting and Sound Committee at the Senior Play. He has served also on the Class Dinner Committee.

#### CATHERINE MULLEN

"Cappy" is one of the more quiet and dignified members of our class. Her cordial manner and her interest in skating and dancing, however, have gained steadfast friends. Her membership in the Inter Nos Club during her senior year is but one of her responsibilities. During her freshman year she displayed her enjoyment of outdoor sports by playing on the softball team. Other school causes for which she has worked loyally are the Decorating Committee of the Senior Play and homeroom programs. Catherine has decided to become a telephone operator where her clear, yet soft, voice will function admirably.

Because of her attentiveness and ability to get along with others, we know that she will succeed in whatever she attempts in future years. Her ambition is to attend a business college to study secretarial work.

#### CLIFFORD JAMES MUSE

Without a particle of doubt, "Cliff" is one of the most quiet and timid persons in our class. One might think that he doesn't know much because of his extreme quietness, but in the classroom his mind is never idle. He carries this wonderful mind with him in athletics, and he is one of the ablest hockey players this school has seen in many years. After a term with the U. S. Army, Cliff intends to enter architectural school to study interior decoration. We are sure that he will please many people with his unique ideas in this field.

#### IRMA LOUISE MUSE

Frank has them everywhere. Who knows, that fur coat you are wearing may have been something Snuff caught! He also has enough guns to stock an arsenal. For a friend, he is the best — always ready for a good laugh or joke. For the future he plans to go into Civil Service. We could not find a better game warden in the world to protect our wild life than Frank.

#### PATRICIA ANN NARDONE

Dainty, dark-haired "Pat" has been a very loyal member of Wakefield High School serving on several committees, and cheering to boost the morale of the Warriors. This girl has all the characteristics of one destined to accomplish much.

### ALFRED EDWARD O'BRIEN

Were a full-page write-up allowed, volumes would still go unsaid concerning our beloved classmate, known in higher circles as the "Deacon." If we were to list all of his past activities, we should lack space in which to praise his splendid character. Among his activities he lists Homeroom Manager, Football, Senior Play Cast, Hockey Manager, and Class History Committee. Any of the Deacon's spare moments are divided between his CHRONICAL and women. His oratorical brilliance predicts a great political future.

#### ANTHONY JOSEPH PALMERINO

Another dignified member of our class is "Tony." To persons who are not very intimate with him, he acts shy, but to those who really know him he is a loyal friend and a very enjoyable comrade. If one wanted him to go to a dance or any other social affair where there might be members of the fairer sex, one would receive a very emphatic negative. But the minute one asks him to go hunting, fishing, or take a walk in the woods and enjoy Mother Nature, one would get him in his happiest mood. For the future, he intends to enter a college near home and study engineering. May you have the best of luck, Anthony.

It must run in the family, for both John and his older brother George have led our football teams in their senior year. John led his team as quarter-back and as co-captain. John, known as "Juno" to his friends, plans to be a director of athletics and a football coach. We know that if he has as much success in coaching as he has had in playing, he will reach the top. Wakefield High's loss is the Army's gain, for he is planning to enlist after graduation.

#### DOUGLAS IRVING SYDA

"Doug" is one of the most amiable fellows in the Senior Class. He has a real eye for business, for during his Senior year, he was on the Publicity Committee of the Senior Play and on the Business Staff of the Class Book. "Doug" also gained fame as an actor in the Senior Play when he portrayed the character of Dick Lawrence in JANIE. The many other school activities in which "Doug" has taken part are proof of the strong spirit which he possesses. He plans to enter Tufts College next fall.

#### SHIRLEY ANN SYTVEN

That "Shirl" is a very capable and diligent worker for our class was proved to us by her assistance on the Junior Prom and the Senior Play Makeup Committees. Always ready to have fun, she is ever a good sport and willing to work. Reading has always been a drudgery to her; still she has been a capable assistant on the library staff. She enjoys sports and is on both the Bowling and Archery teams. At present, she is interested in advanced business training.

#### JEAN FLORENCE TECCE

"Tina" played an important part in making our Senior Play a success as she portrayed the part of the laughable maid. Our classmate has many pastimes, but especially enjoys reading and playing the piano. Because she loves to try new recipes, we know she already has the makings of a good housewife. She has decided to enroll at the Fisher Secretarial School, where she will strive hard to become a medical secretary.

#### MERRITT HUGH TENNEY

"Red" is the politician of the senior class. He manages to get himself into many difficulties, but he always succeeds in talking his way out of them. "Red" is one of the best fellows ever to enter Wakefield High, and he has the ability to get along with people. In his freshman year, he was elected Homeroom Manager and in his sophomore year, Homeroom President. He has served also on the Junior Prom Committee. Merritt plans to enter the United States Navy upon his graduation from school this fall. Our best wishes attend him.

#### JANE PERRY THAYER

That petite Lynnfieldite with the pretty brown eyes and a demure manner, "Janie," has won the friendship of many. Though she is quiet during classes, her friends know her as one who loves a good time and who can lend sparkle to any occasion. Incidentally, she excelled as Co-chairman of the Senior Play Decorating Committee. Jane plans to attend Vermont Junior College in preparation for a position as a private secretary. Her sincerity as a friend and her pleasing manner will carry her far along the pathway to success.

#### JAMES BERTRAND THOMPSON

"Jim" Thompson entered Wakefield High School in his junior year. It did not take him long to become accustomed to his new environment, and he quickly found many friends. In his senior year, he participated in the Senior Play, giving a fine portrayal of a soldier. He is interested in science and chemistry; and he hopes to attend Boston College, where he will major in these subjects. Best of luck to Jim in his work in chemistry. Who knows? Perhaps he will invent another atomic bomb.

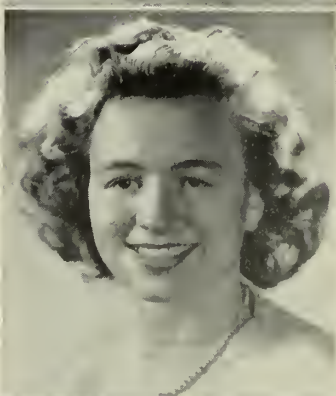

#### JOYCE MARIANNE THWING

"Torchie," as she is called by her friends, is very gay and cheerful. She is active on both the LOOKOUT Staff and the Class Book Staff. As a member of the Senior Play Cast, she gave an outstanding performance. She has served on our Senior Party Committee and is a diligent member of Inter Nos. Part of her high-school days were spent in the Ventura Junior College in California, where she was a member of the Dramatics Club. After graduation she plans to be a model or to enter dramatic school; but, in any case, she plans to have time for her hobbies, which are traveling, drawing, and photography.

#### MARY ANN TINE

Dignified and gracious, Mary is highly respected by her classmates. She has been an active member of our class, belonging to the Girls' Softball Team in her freshman year and to the Girls' Basketball Team this year. She is also an Inter Nos member, a loyal worker on the Senior Play Decorating Committee, as well as on the Usher and Candy Committee of the Senior Play. She plans to attend the Kathleen Dell School and be enrolled in the medical secretarial course.

#### DOROTHY MAY VATCHER

Another sports enthusiast is "Dot." Each year she has patronized Miss Nichols' sports: bowling, softball, field hockey and basketball. Her love for sports is shown in her hobbies, also, skiing and skating being her favorites. During her high-school career, she also served on the Junior Prom Committee and the Senior Play Committee. Her plan for the future is to be a buyer for a concern; we know she will be as successful in this field as she has been in high school.

#### JOAN MARY WEATHERS

Joan is one of our more popular seniors who has won many friends by her pleasing manner and sincerity. She has had a keen interest in the sports and social activities of the school. Her willingness to work was shown when she served on the Senior Play Usher and Candy Committee, the Decorating Committee for Graduation, the Class Book Staff, and the Inter Nos Club. With her charms and graciousness, she should be successful as a dental hygienist.

#### EDWIN CALVIN WEEKS

Sincerity and friendliness are "Ed's" characteristics. Although he has an unobtrusive personality, that hasn't stopped him from gaining a host of friends who think this black-haired boy from Lynnfield is really something special. One of his hobbies is poultry farming, and we've heard he's a good gardener. With these qualifications, you might think Ed plans to be a farmer, but his chief ambition is to become a draftsman. His conscientious work in his studies and on the Senior Play Publicity Committee is appreciated. We shall miss his companionship next year.

#### EDWARD LORING WENTZEL

To the girls, he's a "man of mystery"; to the boys, he's a jolly fellow and a good athlete, playing well on both the baseball diamond and the football gridiron. He is best described as "Big Sid," although he is better known as "Weenie." He has not proved averse to other activities, for he is a loyal member of the Class Dinner Arrangements and Motto Committees. We are sure that he will make an efficient accountant.

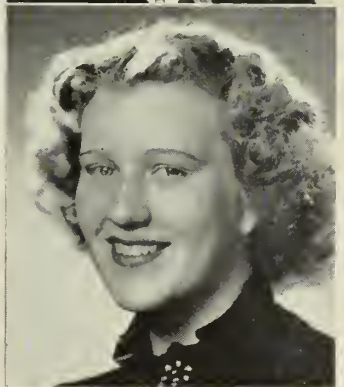

#### DONALD MORGAN WEYLAND

The boy with the gracious manner and the quiet way — that is "Donnie." You can tell by the twinkle in his eyes that once you get to know him, though, he isn't the serious person he appears to be. Although he has many hobbies, his favorite is hunting; therefore, anytime you happen to see him strolling through Montrose with a fishing rod or gun, you may expect to share in a woodland excursion. His spirit of adventure is indicated also by the fact that his plans for the future are to join the United States Marine Corps.

#### ARLENE LOUISE WHITE

Arlene is one of the most artistic members of our class. She was the Art Editor of the LOOKOUT for two years, and the one who created those darling publicity ads on the blackboards announcing the forthcoming issues. She also delights in photography — especially candid shots. In her spare time, if she is not sketching or taking pictures, she is busily knitting a pair of socks for some lucky individual. Since Arlene is interested in commercial art, for which she has talent, we hope it becomes more than just an interest.

#### ELIZABETH ELLEN WHITE

A feeling of complete satisfaction is your first reaction to "Betty," when you are introduced to her. She has made many friends during her years at school because her courteous manner makes one want to know her better. Although she is dignified, poised, and reserved, her friends will tell you that she is far from quiet when she is with them; instead, she has a hearty sense of humor, a sunny disposition, and a zest for fun. She plans to be a secretary, and with her intelligence and sincere manner, she is sure to be a most dependable and ardent one.

#### RICHARD WALTER WILKINSON

To acquaint oneself with a lad such as "Dick," is to acquire a lasting friendship. His personality and sense of humor is known and appreciated by both his teachers and classmates alike. As associate editor of the "Oracle," and by his efforts on the Junior Prom Committee, he has shown his willingness and ability for hard work. As "Joe Jerome," he showed his talents as a piano player in the school production of "Janie." He is planning to attend Dartmouth College and later become a general contractor. In his chosen field, he will undoubtedly become successful because of his knowledge of mechanics and machines.

#### CAROL JEAN WINDT

"Kay" is one of those cheerful girls who is always looking for some fun. She seems shy and reserved at first glimpse, but her sense of humor and lively air are soon discovered. A great lover of sports, she was active on the girls' softball and bowling teams. Besides these activities in school, she spends time in reading, cooking, and knitting. With her willingness to help, the Property Committee obtained the necessary equipment needed. That she may have a successful career as an accountant is our wish.

#### ROBERT GRAHAM YETMAN

Who's that fellow flashing by on a bicycle? That's Bob Yetman, the New England Champion Bicycle Racer. He has participated in this hobby for several years and hopes to attain National fame. As "John Van Brunt" in the Senior Play, he did much to make it a great success. He is especially active in the classroom and his exceptional wit is enjoyed by everyone. He hopes to be a draftsman and master of the drawing board and T-square.

### SHIRLEY YOUNG

Do you remember that clever interpretation of "Elsbeth" in our Senior Play? Well, naturally that was "Shirl" our pert little bombshell with the baby face and those celebrated "claws." Being so well known and liked is a result of her participation in a number of activities, including basketball, archery, softball, bowling, LOOKOUT Staff, and Class Book Staff. She will also be remembered for her splendid work as one of our cheerleaders. Having as her hobby ice skating, she hopes in time to make it her career. It looks as if the Ice Capades will have another star before long!

### WINIFRED NONA YOUNG

"Winnie" may appear to be the retiring type, but she has an abundance of pep, vim, and vigor! She radiates good cheer and is popular with her schoolmates. Always busy with outside activities, she did find time to serve on the Decorating Committee for the Senior Play. Ambitious and eager to further her academic training, she will enter a secretarial school soon.

### RAMONA HARRIET ZWICKER

"Monie" is very appealing and sincere. It is because of this sincerity that she has many friends. She is never too busy to help a friend in need. Our neighborhood bakery store, Blood's, could not get along without her pleasing personality. Much of her energy has been spent in pastimes, such as bowling, basketball, skating, and dancing. Ramona also did her part in the Senior Play by serving on the Property Committee. She has much to offer the business world; therefore, she has chosen wisely to attend a business school.

## THE SENIOR PLAY

December 6 and 7, 1946, marked another additional success already accumulated by the class of 1947. "Janie," a comedy of youth by Josephine Bentham and Herschel Williams, was enthusiastically received by two record-breaking audiences, and Janie Colburn and company were ably portrayed by two versatile casts.

Deserving much credit for her capable direction and untiring effort is Miss Edna M. Finnerty. Also much credit is due to the various committees whose harmonious work helped make "Janie" a complete success.

## FRESHMAN YEAR

On September 9, 1943, 334 of us entered Wakefield High School. From the moment of our debut as students, until the last day of school in June 1944, we proved to be proverbially "green." Not being accustomed to rotating classes, a complicated system of bells, and the intricate room numbers and crowded corridors, we took some time in adapting ourselves.

During this year Mr. Peterson celebrated his 25th anniversary as principal of the Wakefield High School, an event which reminded us how privileged we were to be guided by his patience and understanding.

The Canteen, a much-needed recreation center, was opened this year under the sponsorship of the Student Council; and on the first night it attracted over 350 young people. Of course this gave us freshmen an opportunity to meet new people.

We had good luck and were the envy of the upper-classmen. We freshmen were taking Ability tests. Were the upperclassmen jealous! As our "superiors" racked their brains in class and study rooms, we freshmen were gaily parading the corridors for 15 minute intervals of relaxation between tests. Moreover, we added insult to injury by peeking through open doors and gloating over our freedom. This was the only period in our careers when we could roam at will.

Before the end of our Freshman year, many of our boys left school to enroll in the Service of Uncle Sam. The rest, having industriously reaped their reward right here in Wakefield High School, gained the rank of Sophomores.

## SOPHOMORE YEAR 1944-45

On September 6, 1944, we returned to school to find that, after spending our freshman year mastering the intricacies of the rotating system of classes, we had to learn a new one. In the new system, classes meet regularly four times a week.

There were several new faces among the teaching staff. Miss Edna Finnerty replaced Miss Nancy D'Amico, who took a teaching position in Tucson, Arizona.

Coach Rood found two new assistants in the persons of James Walsh and Leo Douglas.

Mr. S. Morton Sherman was appointed by the School Committee to the position of faculty manager of athletics, a position previously filled by Mr. Kinder.

In this year the School Committee received the resignation of Miss Ethel Reed. Miss Reed, who first came to Wakefield High in 1911 and who was always an inspiring member of the English department, decided to retire.

Beginning October 16, new University Extension courses were conducted at Wakefield High School. Courses in Spanish, French, elementary Gregg shorthand, typewriting, and mechanical drawing were offered one night each week.

The Curtiss Publishing Company sponsored a subscription campaign for the benefit of the athletic fund. The sales totalled \$1,150, of which \$370 was turned over to the Athletic Association.

The football team, bolstered by sophomore students Bill Healey, Jr., and Johnny Roberto, completed a fairly successful season. In fact, Wakefield nearly broke the Melrose jinx. The Melrose team was held to six points by virtue of a late-game touchdown.

For the first time in several years, the sophomores held a class election. Bill Healey was elected President; Cynthia Brooks, Vice-president; Albert Sousa, Secretary; and Peter Brownson, Treasurer.

In the early part of May, the students held a week-long celebration of the 100th anniversary of the school. About 9:15 on the morning of May 7, the entire school assembled for a parade through town. The paraders were led by the class band which was followed by the senior class officers and the senior class; the junior class officers and the junior class; next came the sophomore class officers

and the sophomore class; and finally, the freshman class. The parade terminated at the side of the school building where a short history of the school was read by Esther McKenney. The three class presidents and a representative of the freshman class then planted a maple tree as a living memorial of the occasion.

Having enjoyed these many happy events and having contributed to the improvement of our school, we looked forward to the new activities of our junior year.

## JUNIOR YEAR

We had now come half the way. Two hundred and nineteen of us entered Wakefield High School as Juniors on September 9, 1945, and eagerly looked forward to the coming year when we should be — at long last — taking part in the school activities as upper-classmen.

The first event in which we participated was the election for the Student Council. The winners of this contest began to function in the interests of the student body on September 12, 1945. The Junior class was well represented with Cynthia Brooks as vice-president of the Council and John Roberto, Marlyn Dodge, Alice McLaughlin, and Ann Moncrief elected as Junior representatives.

The W. H. S. Canteen had its grand opening on October 6 under the sponsorship of the Student Council. This was the first of a series of successful canteens which featured dancing in the gym, and games and food in the lunchroom. From then on, there was an evening of fun and dancing guaranteed every Saturday night at Canteen.

Football led the activities as W. H. S. showed the best team in many a year. The highlight of the season, of course, was the Warriors' scalping of Melrose, 7-6, with the now-legendary sleeper play. "Pokie" Rich, class of 47, threw the winning pass to "Reggie" Sardella and converted "the" extra point. Three other outstanding warriors from our class were "Sonny" Evangelista, "Bill" Healey, and "Johnny" Roberto. We surely were proud of our boys!

The Junior class then got down to business by holding elections for its officers. On October 22, we chose the ever-popular "Bill" Healey, President; Cynthia Brooks, Vice President; "Al" Sousa, Secretary; and "Bones" Morang, Treasurer. With these capable leaders, we were ready to accomplish great things.

On January 31, 1946, our beloved dean, Miss Helen Gilmore, retired after twenty-three years as an active member of the faculty of W. H. S. Her duties as dean were taken over by Miss Elizabeth Upham, who had been teaching English at W. H. S. since 1936.

Enthusiastic W. H. S. hockey fans witnessed one of Wakefield's most successful seasons. The Warriors hound up in third place position in the Eastern Massachusetts Hockey League. Two of the regular players who contributed to all of the victories were "Walt" Nikitin and "Pokie" Rich. This was really our school's year in sports!

The event of events, as far as we were concerned, was the Junior Prom, which was held on April 27. Maypoles, lambs, and other signs of spring were completely in keeping with the season and our mood. The prom was a great success; and we consider that it even exceeded the Senior Party.

Sports again brought glory to Wakefield as our baseball team won the Middlesex League Championship. The Warriors then went into the play-offs at Fenway Park, where they were finally defeated in the semi-finals by Newton.

The Junior Year had flown by too quickly as we recalled the grand times and fun we had, and thought with pride of our achievements; however, we looked forward with great anticipation to the most memorable adventure of all — our Senior year.

## SENIOR YEAR

Our senior year! Oh, those memorable days!

School opened on September 6, 1946, and shortly thereafter the class of 1947

elected the following popular officers: President, William Healey, who was re-elected for the third time; Vice President, Benito Barsanti; Secretary, Albert Sousa, who was also re-elected; and Treasurer, Bruce Morang, also re-elected.

The various captains of Wakefield's athletic teams displayed persevering leadership. The boys who kept the teams fighting, although defeat was frequently imminent, were William Healey and John Roberto, football; Walter Nikitin, hockey; Ernest Evangelista, basketball; Joseph Schwarz, baseball.

The Inter Nos Club enjoyed an active year under the new adviser, Miss Upham. The senior girls "rushed" the freshmen in September and had a Freshman Day. The girls next had a Halloween party full of chilling thrills. They held a tea dance in the gymnasium, and because this dance was so popular, it was hoped that it would become an annual affair. The senior officers of Inter Nos are Cynthia Brooks, President; Marlyn Dodge, Vice President; Anne Callan, Corresponding Secretary; Jeanne Hickey, Recording Secretary; Joanne Hickey and Ann Moncrief, Senior class representatives.

Home Talent Night brought out many latent abilities in the seniors. John Roberto acted as master of ceremonies; and the "Three Ink Spots and a Blot." (Bruce Morang, Ken Morang, Jack Galvin, Al O'Brien) were a sensation.

The senior play JANIE was a tremendous success with two outstanding casts. The play was held on two nights, December 6 and 7, 1946. The title roles were played by Shirley Davis and Cynthia Brooks. Other meritorious performances were given by Shirley Young and Ann Moncrief, Douglas Syda, Joyce Thwing, Alfred O'Brien, Bob Yetman, Ashley Russell. The Publicity committee, with Robert Surrence and Mary Coughlin as co-chairmen, surpassed all previous records.

The Senior Party was a great success too. It was a Valentine Party held on February 8, 1947, when something new came to Wakefield High School. The *Lookout* sponsored an election of a King and Queen. All the pupils in the school chose handsome Ray Buckley and vivacious Caryl Maher as King and Queen. The coronation took place at the prom, amid fanfares of trumpets and a regal background.

Robert Yetman added more laurels to his well-established reputation by competing in various bicycle races. Bob also appeared with fellow cycling enthusiasts on the radio program, "Quiz of Two Cities."

The class will long remember the good works done by Peter Brownson as Editor of the *Lookout* for 1946-47. Pete had the assistance of a very capable staff, including several aspiring journalists.

The Senior boys attended classes in room 313 every Wednesday during the third period, with Mr. Cassano as instructor. The boys studied rules and regulations of the Armed Forces. This class proved to be very beneficial. In previous years the Senior boys had been drilled in the Manual of Arms. There was much anticipation displayed among the boys there, as many of them expect to spend some time in the Army.

The graduation of the Class of 1947 meant more than the parting of one of the most enterprising classes in many years; it also marked a milestone in the history of the school itself. Mr. Charles J. Peterson, beloved and esteemed principal of Wakefield High School for twenty-eight years, retired as the Class of 1947 bade farewell. The class considered themselves privileged in having been guided by his patient understanding and genial leadership.

# Class Prophecy

I am a Pinkerton Detective; O'Houhlihan is the name. I was assigned to a long, difficult, but nonetheless famous case, known as "The Case of the Disappearing Class"; for the Class of 1947 of Wakefield High School has disappeared into, apparently, the thinnest of air. I spent years traveling the globe. I searched from the headwaters of the Nile to the head of Quannapowitt Lake. I used every sort of conveyance from tricycle to helicopter and back again. Exhausted and disconsolate, I sat in Central Park twirling my detective's badge preparatory to throwing it into a stream at my feet, as I realized that this mystery was an unsolvable one.

As I thus mused, my attention was drawn to a nearby park bench where a motley group had gathered; to wit, a cop with a shiny club, a nurse with a perambulator and, I trust, a baby, a park attendant with a rake to lean on, the usual loafers, and two eager newsboys who were exchanging, for pennies, copies of the June 9, 1962 edition of the *New York Times* and *Lookout*. As I continued to watch them, I was galvanized into sudden action; for I realized that pictures of these same persons were among the equipment given me by the Pinkerton "head office" when I had started on my long search. I rushed to them, questioned them carefully. I had spent years in a fruitless hunt over the globe and only as of today, June 9, 1962, am I able to submit my account, to whoever may be interested, as to the present whereabouts of the fifteen-years-lost Class of 1947.

*Ernest Evangelista* can be found almost any evening after five, taking lessons in the art of polishing the silver and glasses while washing dishes, with *Anne Callan* standing by as teacher.

*Carol Windt*, the accomplished pianist who writes books as an avocation, has just completed a fascinating novel called "Are Men Necessary?"

*Eleanor Robbins* and *Betty White* are successful secretaries employed by the Sandwich Company. *Eleanor Cardillo* is setting the fashions at her exclusive dress shop, capably managed by *Florence Roberto*. *Helen Stanton*, lovely cover girl, is just too busy to settle down to marry one of her many suitors. *Joan MacLeod's* artistic ability has been recognized by both the public and the critics, and she is one of the Associated American Artists, best known members.

## The Class Hymn

Why do we love thee, Wakefield High?  
For pleasures of the years gone by,  
New friends, new tasks we here have found,  
New goals we sought with thy help sound  
To guide us where our paths have wound.

Horizons bright we now can see!  
Fresh hope, inspired by years with thee,  
Will strengthen us where'er we go.  
Life's lessons well prepared we know,  
The blossoms of the seeds we sow.

God's love shine on thee, blessed School,  
And light always thy kindly rule  
O'er us, thy children, as we fare  
In quest of Life's adventures rare.  
O Lord above, this is our prayer.

ALLEN CAMERON, '47

## The Class Poem

If the gate of the world is to open,  
And the triumphs of Life to reveal,  
Our great store of useful experience  
Will show hardships conquered with zeal.

Behind us are memories treasured,  
Ahead is the half-opened gate.  
The wisest prepared for tomorrow,  
And the foolish faltered too late.

Ever forward we toil up Life's pathway—  
To the door of Success it will lead—  
In our hearts bearing always our motto,  
For "Today decides Tomorrow," indeed!

"Class of 1947" we salute you and congratulate you upon your present achievements. You have successfully completed the highest educational requirements which our community offers. You have laid the foundations for your future lives. We pray that you will continue to use your acquired skills and tools to build great lives upon your good foundations.

Prophets of doom are very pessimistic not only about our day but about the future. Some even doubt that we have a future. But there will be a new day, and it will belong to those who have the skills, knowledge, honesty, courage, and willingness to work for it. Prophets of doom seldom do anything about building the new world.

Some facts are already in your favor. There are many young people in this world but you are the most highly privileged, and yours is the greatest legacy which any nation has to give. Christianity teaches that people can rise above their world and transform it. They have done so in the past.

Whatever turn you take in the road of tomorrow you have the concern, interest, and prayers of your Churches. May God richly bless and guide you.

Fred Worth President  
Wakefield Council of Churches

## APPRECIATION

On this evening, we all feel a just pride in our community, in its institutions, and in our young people who have completed the educational requirements. We are aware also of the debt we owe to the administrators and teachers of our educational institutions.

There are two graduates not listed with the "Class of 1947"- Mr. Willard B. Atwell, Superintendent of School since 1911, and Mr. Charles J. Peterson, Principal of the High School since 1919. Both are graduating with high honors this year.

We are grateful for the contributions of these two men. Both are great characters who have patiently and efficiently served the best interests of the community. They built their lives into the institutions they received, they wrestled with many problems and solved some of them, and have passed the institutions on, improved and ready for new hands and minds to shape and use.

As we express our gratitude to them, we desire to add our Very Best Wishes for many years of health, and happiness, and continued usefulness.

May the Lord Bless them and keep them.

## *The Class Hymn*

Why do we love thee, Wakefield High?  
For pleasures of the years gone by,  
New friends, new tasks we here have found,  
New goals we sought with thy help sound  
To guide us where our paths have wound.

Horizons bright we now can see!  
Fresh hope, inspired by years with thee,  
Will strengthen us where'er we go.  
Life's lessons well prepared we know,  
The blossoms of the seeds we sow.

God's love shine on thee, blessed school,  
And light always thy kindly rule  
O'er us, thy children, as we fare  
In quest of Life's adventures rare.  
O Lord above, this is our prayer.
